RUMI FAT 99

Composición: Grasa vegetal: 99%

Beneficios:

- Excelente y económica fuente de energía para aumentar la densidad energética del alimento
- Mejora la producción de leche en animales lactantes y ayuda a mantener la grasa en la leche
- Posee una buena digestibilidad del 96 % y un alto contenido energético: EM de 8500 kcal/kg.
- Ayuda a cubrir los requerimientos nutricionales en animales lecheros de alta producción
- Ayuda a reducir el intervalo entre partos
- Ayuda a reducir complicaciones metabólicas como cetosis, acidosis, fiebre de la leche, etc.
- Mejora el apetito
- Mejora la fertilidad
- Optimiza la absorción de nutrientes

Grasa protegida ruminalmente, especialmente para rumiantes.

- El rendimiento reproductivo puede mejorarse porque el animal puede recuperar inmediatamente un balance energético positivo, lo que puede afectar el tamaño de los folículos, la fertilidad de los óvulos, la circulación sanguínea y los niveles de progesterona.

Dosis :

Animales en lactancia: 50 g / 5 l de leche / día / animal.
Para mejores resultados, durante los primeros 10 días de lactancia: 200 g / día / animal.
Terneros mayores de 6 meses: 50 g / día / animal.
En el alimento: Añadir del 1 al 2 % al pienso para ganado.
(o) según lo indique un veterinario.

Paquetes: 25 kg.

A-VET

Composición:

Cada ml contiene
vitamina A. : 1,00,000 IU

Beneficios:

- Mejora la inmunidad
- Muy útil en situaciones de estrés, como vacunación, desparasitación, manipulación, transporte, enfermedades, cambios climáticos, etc
- Ayuda a mantener la salud general
- Ayuda a mejorar la eficiencia reproductiva
- Ayuda a mejorar el rendimiento

Suplemento de vitamina A líquido

Dosis:

Administración oral durante 7-10 días
Animales grandes : 10ml. / animal / día
Terneros, Ovejas, Cabras : 5 ml. / animal / día
Perros : 3 ml. / animal / día
Iniciadores y Crecimiento de Porcinos : 3 ml. / animal / día(O)
según las indicaciones de un veterinario.

Paquetes: 500 ml., 1000 ml.

AD3-VET

Composición :

Cada 5 ml contiene
Vitamina A : 250000 IU
Vitamina D3 : 25000 IU
Vitamina E : 150 mg

Beneficios

- Ayuda a reducir todo tipo de estrés.
- Muy recomendado en situaciones de estrés, como brotes de enfermedades, alteraciones climáticas, crecimiento deficiente, bajo rendimiento, vacunación, desparasitación, manipulación, transporte, etc.
- Mejora la salud y la inmunidad.
- Aumenta la resistencia a las enfermedades.
- Improve disease resistance power

Suplemento líquido de vitamina AD3Ea

- Ayuda a mejorar el rendimiento
- Aumenta el crecimiento y el peso corporal.

Dosis:

Administración oral durante 7-10 días
Animales grandes: 20 ml/animal/día
Terneros, ovejas y cabras: 7-10 ml/animal/día
Perros: 3-5 ml/animal/día
Leche de iniciación y en crecimiento para cerdos: 3-5 ml/animal/día
(O) según lo indique un veterinario
Paquetes : 250 ml., 500 ml., 1 Ltr.

B-VET

Composición : Each 10 ml. contains

Vitamina B2 : 2.00 mg.
Vitamina B6 : 1.10 mg
Vitamina B12 : 12.50 mcg.
L-lisina : 7.50 mg.
DL -Metionina : 7.50 mg .
Niacinamida : 50.00 mg.
Calcio D
Pantotenotenoato : 2.00 mg

Beneficios:

- Provides Vitamin B to maintain animal health
- Improve growth and immunity
- Prevents polyneuritis, paralysis and muscular dystrophy.

Complejo de vitamina B con aminoácidos - Líquido

- Ayuda a recuperarse de las deficiencias de vitamina
- Mejora el consumo de alimento y el aumento de peso.

Dosis:

Vía oral durante 7-10 días
Especies mayores: 40-60 ml / animal / día
Terneros, Ovejas y Cabras: 20 ml / animal / día
Perros: 5 ml / animal / día
Cerdos (Iniciadores y Crecimiento): 3-5 ml / animal / día (O) según las indicaciones de un veterinario.
veterinarian

Paquete: 1 Ltr., 5 Ltr.

I LIV VET

Composition :

Each Ltr contains
Preparation of selective herbs having
functional properties as liver Stimulant,
Correctant and Digestant.

Benefits :

- Herbs helps to rejuvenate liver cells and improves its functions
- Corrects liver disorders like fatty livers
- Improves feed digestion , and FCR
- Increases growth and body weight
- Highly useful during antibiotic treatments.
- Highly recommended during - low

Special Herbal Liver Tonic

feed intake, mycotoxicosis, fatty liver disease, hepatitis, poor growth, poor body weights

Dosage:

Oral administration for 7 days
Large animals : 30ml. / animal / day
Calves, Sheep & Goat : 10ml. / animal / day
Dog : 5ml. / animal / day
Pig : Starters & Growers : 3-5 ml. / animal / day
(Or) as advised by a Veterinarian.

Packs: 500 ml., 1 Ltr

I-CAL VET

Composition :

Each 10 ml contains

Calcium	: 200 mg.
Phosphorus	: 100 mg.
Vitamin D3	: 1600 I.U.
Vitamin B12	: 6 mcg
Manganese	: 5 mg.
Vitamin C	: 10 mg.

Benefits:

- Supplies calcium with vitamin D3, B12, C and Manganese to the animals
- Helps to improve milk production in milch animals
- Helps for better bone and skeletal

Special Calcium Preparation for Cattle- Liquid

strength

- Helps to prevent hypocalcaemia and milk fever etc.
- Improves growth and performance in animals
- Increases growth and body weights of calves
- Improves health, bone strength and growth of dogs.

Dosage:

Oral administration for 7 -10 days
Cattle & Buffaloes / Horses : 100 ml./ day
Calves : 40 ml./ day
Sheep & Goats : 10 ml. / day
Dogs : 5 ml. / day
(Or) as advised by a Veterinarian

Packs: 500 ml., 1 Ltr., 5 Ltr.

SHEEP-TONIC

Composition : Each Ltr. contains

Calcium
Phosphorous
Vitamin D3
Vitamin B12
Vegetable fat & Protein

Benefits :

- Special tonic to maintain health and growth in sheep, & goat
- Helps to increase body weight gain in lambs, kids & calves
- Also helps to improve growth in all growing animals
- Helps to maintain general health and to increase milk

Special Calcium with Vegetable Fat & Protein-Liquid

- production in milch animals.

Dosage:

Oral administration for 7 days
Lambs & Kids (After 10th day onwards):
5 ml per animal daily
Sheep & Goat: 10 ml per animal daily
Calves: 20 ml per animal daily
Milch Cattle: 100 ml/animal daily
(Or) as advised by a Veterinarian

Packs: 500 ml., 1 Ltr., 5 Ltr.

RESPO-VET

Composition:

Special herbal preparation having
functional properties as expectorant, anti
inflammatory and anti microbial.

Benefits :

- Herbal expectorant, helps to prevents respiratory problems
- As a supportive therapy along with antibiotics during respiratory infections
- Relieves from stress caused due to respiratory distress
- Allows the animal to take enough feed.

Herbal Respiratory Tonic

Dosage:

Oral administration for 7 days
Large animals : 50-60 ml. / animal / day
Calves, Sheep, Goat : 20ml. / animal / day
Dog : 5ml. / animal / day
Pig : Starters & Growers : 5ml. / animal / day
(Or) as advised by a Veterinarian

Packs: 500 ml., 1 Ltr

E-SEL VET

Composition:

Each ltr contains

Vitamin E (a-tocopherol acetate) : 17 gm

Selenium (sodium selenite) : 2 gm

Benefits :

- Improves immunity & enhance performance of the animal.
- Helps for better build up of health.
- Helps for better growth and yield.
- Helps to prevent & treat exudative diathesis, degenerative myositis etc.
- Helps to increase more fertility in males with better quality sperm.

Vitamin E with Selenium -Liquid

Dosage:

Oral administration

Large animals : 5-10 ml / animal / day

Small animals : 2-5 ml / animal / day

(Or) as advised by a Veterinarian.

Packs: 500 ml., 1 ltr.

RETAINER

Composition:

Herbal & mineral preparation having functional properties as ecobolic & involution of uterus in animals.

Main herbs incorporated are: Rubia cordifolia, Harmala, Aristolochia bracteata etc.

Benefits:

- Effectively and quickly expels the retained placenta
- Very safe and no side effects
- Helps to avoid possible infections like metritis, pyometra etc.
- Brings back the uterus tone to the normal and helps to regularize next

For Retained Placenta

- estrus cycle
- Reduces inter calving period by effective and early comeback for reproductive cycle.

Dosage:

Oral administration

Cows / Buffaloes / Mares : 100 ml/ dose / day

Sheep & Goat : 50 ml / dose / day

Note: It is recommended to give two doses in first day with 4-8 hours interval and alter one dose / day for 3 days- after parturition (Or) as advised by a Veterinarian.

Packs: 500 ml., 1 ltr. bottle

FROTH-NIL

Composition :

Extracts of selective herbs along with essential oils having anti frothing, antizymotic, antacid & digestive stimulant properties.

Benefits :

- Acts as an anti frothing agent and breaks the froth and makes the clear route for easy expulsion of gases
- It is also a best antizymotic agent and stops excess fermentations as well as production of excess gases
- Very safe & no side effects
- Very effective, quick action & animal feel complete relaxed immediately

Remedy for Bloat

- after administration
- Animal feels stress free and become active
- It is palatable with good natural flavor & well accepted by the animal for oral administration

Dosage:

Oral administration

Cattle / Buffaloes / Horse : 100 ml / animal

Sheep & Goats : 50 ml / animal

(Or) as advised by a Veterinarian.

Packs: 100ml., 500ml.

LEMON-C

Composition :

Formulation of special selective herbs which are rich source of natural Vitamin C fortified with Electrolytes.

Benefits:

- Supplies Vitamin C along with electrolytes and makes animal energetic and active
- Helps to reduce all kinds of stress
- Highly useful in summer stress
- Helps to increase disease resistance power.
- Helps to improve health & immunity in animals.

Natural Vitamin C with Electrolytes- Liquid

- Helps to increase milk production in milch animals

Dosage:

Oral administration

Cattle, Horse, Camel : 50-100 ml./twice daily

Sheep, Goat, Calves : 20-40 ml./twice daily

(Or) as advised by a Veterinarian.

Packs: 500 ml., 1000 ml., 5 ltr

IRONOL VET (POULTRY & LIVESTOCK)

Malt-based Vitamins, Iron, Copper & Calcium

Composition: Each 21 gm contains :

Malt extract	: 4.52 gm
Calcium Gluconate	: 360 mg
Ferric Ammonium Citrate	: 300 mg
(Equivalent to 64.5 mg to Fe)	
Copper Sulphate	: 100 mg
Cobalt Chloride	: 1.5 mg
Cholecalciferol	: 3600 IU
(Stabilized Vitamin D3)	
Niacinamide	: 45mg
Biotin	: 75 mcg
Folic Acid	: 1.5 mg
Cyanocobalamin	: 15 mcg
(Vitamin B12)	
Flavoured Base	: Q.S

Benefits:

- Useful in Anaemia, General debility, Stunted growth, Iron deficiency, Rickets & Osteomalacia, Anorexia etc.
- Useful in egg breakage & poor shell quality
- Supportive therapy during diseases etc.
- In livestock helpful to reduce lactation stress

Dosage: Through drinking water

Poultry : Layers : 20 gm per 100 birds daily
Broilers & Breeders : 20 - 30 gm per 100 birds daily
Livestock : Cattle, Buffaloes & Horses : 30-50 gm daily.
Calves, Sheep & Goats : 10-15 gm daily.
Camel : 10 gm per 100 kg b.wt. daily.
Swine : Adult : 25-30 gm daily. Grower : 5-10 gm daily
(or) as directed by a veterinarian.

Packs: 400gm. & 2.25 kg bottle.

MILKON

Composition :

It is a special blend of the following in suitable proportions:

Beneficial Bacteria: Bacillus Subtilis, Bacillus Polymyxa, Lactobacillus Lactis, Bifido Bacterium, Lactobacillus Casei, Streptococcus faecium.

Enzymes: Alpha Amylase, Protease, Lipase, Xylanase, Phytase, Cellulase, Pectinase. Amino Acids: L-Lysine, DL-Methionine

Minerals: Calcium, Phosphorus, Zinc, Manganese, Magnesium, Iron, Cobalt.

Vitamins: Vitamin A, Vitamin D3, Vitamin E, Vitamin C.

To Improve Milk Yield

Benefits:

- Provides all important nutrients to the milking animals to maintain their general health
- Helps to increase milk yield
- Improves fat content in the milk
- Highly useful in - poor growth, malnutrition, low milk yield, drop in milk yield, calf death conditions etc.
- Can be used in growing animals to improve their health

Dosage: Oral administration

Dairy animals (Cows & Buffaloes) : 30 - 50 gm / animal/day
Growing animals : Calves, Heifers : 15 - 30 gm / animal/day
In cattle feeds : 5-10 kg / Metric ton of cattle feed
(Or) as advised by a Veterinarian.

Packs: 200 gm., 500 gm., 1 kg., 10 kg. & 25kg

VET-MIN

Composition: Each 1kg. contains

Bio active chromium	: 65 mg
Calcium	: 240 gm
Phosphorus	: 120 gm
Magnesium	: 2.11 gm
Zinc	: 2.13 gm
Copper	: 312 mg
Cobalt	: 45 mg
Iron	: 1000 mg
Iodine	: 160 mg
DL-Methionine	: 200 gm
L-Lysine	: 4.00 gm
Protein hydrolysate	: 4.00 gm

Benefits:

- Provides essential minerals to improve growth and performance

Special Cattle Mineral Mixture with Chromium

- Ensures higher fertility and conception rate
- Improves immunity and disease resistance power
- Helps for faster recovery from illness
- Improves milk production and milk fat content and maintains for longer period
- Improves growth & body weight in young growing animals
- Most suitable in the conditions like advanced pregnancy, repeat breeding, delayed sexual maturity etc.

Dosage: Oral administration

Cows & Buffaloes : 30 gm / daily
Calves : 10 gm/ daily
Pigs : 20-30 gm/ daily
Animal feeds : 10 kg. / ton of feed daily
(Or) as advised by a Veterinarian.

Packs: 200 gm., 500 gm., 1 kg., 10 kg. & 25 kg

VET-MIN FORTE

Special Cattle Mineral Mixture with Chromium

Composition: Each 1kg. contains

Calcium	: 240 gm
Phosphorus	: 120 gm
Copper	: 312 mg
Cobalt	: 45 mg
Magnesium	: 2.10 gm
Zinc	: 2.10 gm
Iodine	: 156 mg
Iron	: 1000 mg
Chromium	: 65 mg
L-Lysine	: 4.4 gm
DL Methionine	: 2.2 gm
Sulphur	: 7 gm
Potassium	: 100 mg
Sodium	: 6 gm
Selenium	: 10 mg.
Vitamin A	: 6,00,000 I.U.

Vitamin D3	: 6,000 I.U.
Vitamin E	: 200 mg
Yeast culture	: Q.S.

Benefits:

- Provides minerals and vitamins to improve growth and performance
- Improves immunity and disease resistance power
- Improves fertility in female and strength in male
- Enhances additional stress bearing capacity
- Improves milk production in milch animals
- Improves growth & body

- weight in growing animals
- Most suitable in the conditions like-low milk yield, advanced pregnancy, repeat breeding, delayed sexual maturity, poor growth, poor performance etc.

Dosage:

Oral administration, continuously or 10 days in each course.
Cow & buffaloes : 30 gm
Calves : 10 gm Pigs : 20 gm
In feed : 10 kg. / ton of feed.
(Or) as advised by a Veterinarian .

Packs:

200 gm, 500 gm, 1 kg, 10 kg, 25 kg

PROLAPSIN

Composition:

Special herbal preparation along with important minerals, having strong antimicrobial & pain relieving properties.

Benefits:

- Herbal & minerals preparation useful to take care of prolapsed in large and small ruminants
- To care and cure pre parturient prolapsed of vagina.
- To care and cure post parturient prolapsed of uterus.

Remedy for Prolapsed Animals

Dosage:

In case of Pre parturient prolapsed of vagina : 50 gm. powder thrice daily till recovery.

In case of Post parturient prolapsed of uterus:

After reducing the prolapsed uterus to its normal position 50 gm powder, 5 times daily (Or) as advised by a Veterinarian.

Packs: 1 kg. Pouch

DIARO-NIL

Composition:

Extracts of selective herbs having functional properties as anti diarrhoeal and anti spasmodic. The main herbs incorporated are aegle marmelos, cinnamomum, zingiber officinale, punica granatum, woodfordia, acasia catechu, cyperus rotundus, bombax malabaricum, mangifera indica etc.

Benefits:

- Special herbal preparation-acts as an astringent & anti spasmodic
- Useful in the cases of Diarrhea of specific & non specific conditions, Calf scours, Enteritis, Dysentery,

Herbal Preparation to Control Diarrhoea

Gastritis, Entero toxemia, Flatulence etc.

- Helps to reduce disease causing microbial load
- Adsorbs toxic substances in the stomach & expels out
- Improves digestion and reduces gastric disturbances
- Prevents formation of gases & minimizes the chances of bloat

Dosage:

Oral administration

Large animals : 30-50 gm/ animal / day / 7-10 days.

Small animals : 10-20 gm/ animal / day / 7-10 days

(Or) as advised by a Veterinarian.

Packs: 1 kg. Pouch

I LAX VET

Composition :

Herbal preparation having functional properties as a digestantant, stomachic, laxative and purgative.

Benefits:

- Regulates bowl movements and helps for better bowel evacuation.
- Improves digestive functions
- Useful in the conditions like bloat, colic, constipation etc.
- Brings back the intestinal motility to normal level.
- Binds toxins selectively and expels out through dung.

Herbal Laxative & Purgative

Dosage:

Oral administration

Cattle / Buffaloes / Horses / Camels : 200-300 gm/ animal

Heifers / Sheep / Goat : 100-150 gm/ animal.

Note : For purgative action double the dose

(Or) as advised by a Veterinarian

Packs: 1 kg. Pouch

ESTRON

Composition:

Herbal and mineral preparation having functional properties of induction of ovulatory oestrus by optimizing ovarian functions.

The main herbs incorporated are vavding, pulas beej, sonamukhi, gokhru, behada, hirda, shatavari, balshepa, mohari, shivangi, ashwagandha, brahmi, chitrak etc.

Essential minerals like calcium, phosphorus, magnesium, zinc, manganese, cobalt, iodine, selenium etc.

Herbal & Mineral Preparation to Regularize Oestrus Cycle

Benefits:

- Regulates oestrus cycles
- Helps to achieve early sexual maturity
- Helps to improve fertility
- Helps to improve uterine tone
- Useful to induction of ovulatory heat in anoestrus animals
- Highly recommended in - anoestrus, hypo -oestrus, silent -oestrus, repeat breeding, delayed maturity in heifers etc.c

Dosage:

Cow & Buffaloes : 50 gm / animal twice daily for 5 days

(Or) as advised by a Veterinarian

Packs: 200 gm., 500 gm. & 1 kg Pouches

I GEST

Composition : Herbal and mineral preparation having functional properties of stimulation of rumen functions, enhancement of digestion, absorption and assimilation of nutrients.

The main herbs incorporated are - Terminalia arjuna, Capparis spinosa, Piper nigrum, Solanum nigrum, Eclipta alba, Phyllanthus amarus etc.

Special chelated minerals are - zinc, manganese, magnesium, copper, cobalt etc.

Benefits:

- Helps for better secretions of saliva and digestive functions

Herbal Appetizer and Digestant

- Optimizes ruminal PH & maintains microflora for better digestion.
- Better feed utilization by better enzymatic activity.
- Improves immunity and physical strength
- Provides comfort in the digestive tract and avoids digestive disturbance
- Highly suitable in the conditions like Anorexia, Dyspepsia, Constipation, Stress etc.

Dosage: Oral administration for 5-7 days

Cattle / Buffaloes / Horses : 50-60 gm / animal / day
Calves / Heifers / Adult Pigs : 20-30 gm / animal / day
Sheep & Goat : 10-20 gm/ animal / day
(Or) as advised by a Veterinarian

Packs: 200 gm., 500 gm. & 1 kg Pouches

NO-PAIN (HERBAL)

Composition:

Each 10 gm. contains:

Exts. Guduchi
(Tinospora cordifolia) : 240mg
Sunthi (Zingiber officinale) : 160 mg
Vacha (Acorus calamus) : 160 mg
Yashti-madhu
(Glycyrrhiza glabra) : 160 mg
Musta (Cyperus rotundus) : 80 mg

Benefits:

- Useful in cases like-fever, pyrexia of unknown origin (PUO)
- Also useful to treat fever in inflammatory conditions like mastitis, metritis, osteoarthritis, tenosynovitis,

Herbal Antipyretic & Analgesic

myositis, neuritis, fibrositis, coxitis etc.

- Useful in cases like-Pain associated with prolapsed uterus, operative procedures, soft tissue injuries like sprains etc.

Dosage:

Oral administration

Cattle & Buffaloes : 25 gm twice daily
Calves, Heifers & Foals : 15 gm twice daily
Sheep, Goats & Pigs : 10 gm twice daily

In severe conditions, dosage may be increased
(Or) as advised by a Veterinarian

Packs: 100 gm Pouch

BREED-VET

Composition: Each 100 gm contains:

Kumkuma (Crocus sativus) : 760 mg
Maricha (Piper nigrum) : 150 mg
Latakasthuri
(Hibiscus abelmoschus) : 300 mg
Shudha kupilu
(Strychnos nux vomica) : 490 mg
Makardhwaj : 490 mg
Shilajeet (Purified) : 970 mg
Salabmisri (Orchis mascula) : 490 mg
Akarakarabha
(Anacyclus pyrethrum) : 490 mg
Ashvagandha
(Withania somnifera) : 1.97 gm
Bala (Sida cordifolia) : 490 mg
Shalmali (Bombax malabaricum) : 490 mg

To Improve Sex Libido in Male Breeders

Viridadaru (Argyrea speciosa) : 970 mg
Kapikachchhu (Mucuna pruriens) : 970 mg
Trivang : 970 mg
Mineral excipients : Q.S.

Benefits:

- To increase sex libido in breeding males.
- To improve sexual strength in male breeders.

Dosage: Oral administration

Bulls & Stallions: 5 gm once daily for 10 days before semen collection or natural service.

Rams: 1-2 gm of once daily for 7 to 10 days before semen collection or natural service.

(Or) as advised by a Veterinarian

Packs: 100 gm Pouch

ENZYMIX-VET

Composition:

Each kg. contains

Xylanase : 200000 IU
Pectinase : 42500 IU
Cellulase : 40000 IU
Phytase : 40000 IU
Protease : 20000 IU
Amylase : 20000 IU
Beta Glucanase : 20000 IU
Mannase : 15000 IU
Lipase : 12500 IU
Trace minerals : Q.S.

Benefits:

- Improves feed utilization, digestion & absorption

Multi enzymes with Minerals for Cattle

- Helps to increase ruminal flora and efficiency of microbial protein synthesis.
- Useful for better fermentation of substrates, released by enzymatic action.
- Increases volatile fatty acid out put.
- Improve milk yield & milk quality in milch cattle.
- Improves feed efficacy, FCR etc.

Dosage:

Oral administration

Cow & Buffaloes: 500 gm to 1 kg per ton of feed (or) 10 gm per animal daily (Or) as advised by a Veterinarian.

Packs: 1 Kg. Pouch

PREMIXER (VITAMINS & MINERALS) Vitamins & Minerals Supplement for Cattle

Composition: Each kg. contains
 Vitamin A : 5,00,000 IU
 Vitamin D3 : 1,00,000 IU
 Vitamin B2 : 200 mg
 Vitamin E : 75 IU
 Vitamin K : 100 mg.
 Vitamin B12 : 500 mcg.
 Calcium : 70,000 mg.
 Phosphorus : 20,000 mg.
 Manganese : 2500 mg
 Iodine : 100 mg
 Iron : 700 mg
 Zinc : 1500 mg
 Copper : 200 mg
 Cobalt : 40 mg.
 Choline Chloride : 7500 mg.
 L-Lysine : 1000 mg.

DL-Methionine : 1000 mg.
 Calcium Pantothenate : 25 mg.
 Nicotinamide : 500 mg.

Benefits:

- As a routine vitamin and mineral feed additive.
- Provides vitamin & minerals & avoids related deficiencies.
- Maintain general health, immunity, growth & body weight.
- Helps to achieve sexual maturity in early age
- Improves fertility.
- Helps to enhance performance in dairy animals.
- As a performance booster.

Dosage:

Oral administration
 Cattle & Swine Feeds : 1-2.5 kg./ metric ton of feed continuously
 (Or) as advised by a Veterinarian

Packs: 1 Kg., 5 kg ,10 kg., 25 kg. Bags

I MAST

Composition:

Herbal preparation with vitamins & minerals

Herbs- Acorus Calamus, Allivum Sativum, Boswilia Serrata, Azadirachta indica, Cinchona officinale, Curcuma longa, Nyctanthes arbortristis, Apium graveolens, Negella sativa, **Vitamin E, Calcium and Phosphorus**

Benefits:

- Special preparation having antibacterial, antiinflammatory, analgesic properties to remove inflammatory pain associated with mastitis.
- Prevents Mastitis by minimizing the

To Care of Mastitis

- bacterial infections
- Reduces pain and swelling by its anti-inflammatory effects
- Helps to treat mastitis of variable etiology
- Helps in dissolution of fibrosis of mammary gland.

Dosage:

Oral administration
 Cow & Buffaloes: 20-30 gm daily for 8-10 days
 (Or) as advised by a Veterinarian.

Important Note: To prevent mastitis, wash the teats & udder regularly before & after each milking.

Packs: 100 gm & 1 Kg. Pouches

I LACT-VET

Composition:

Lactobacillus acidophilus; Lactobacillus casei; Lactobacillus reuteri; Lactobacillus bifidum; Lactobacillus lactis; Lactobacillus fermentum; Streptococcus faecium; Aspergillus oryzae

Strength: each 100 gm contains :
 Minimum of 32 billion cfu.

Benefits:

- Provides Probiotics to maintain digestive tract healthy and more functional
- Maintains beneficial flora which improves feed digestion

Probiotic Feed Supplement for Cattle

- Prevents bacterial infections mainly E.coli & salmonella
- Improves digestive functions and prevents digestive disorders
- Helps for better performance and extra profits

Dosage:

Oral administration
 Cattle & Swine Feeds : 1-3 kg./ metric ton of feed
 (Or) as advised by a Veterinarian

Packs: 1 Kg & 10 kg. Bags

I LYTE-VET

Composition : Each 1 ltr. Contains:

Sodium Chloride : 10 gm
 Calcium Lactate : 12 gm
 Calcium Gluconate : 12 gm
 Sodium Bicarbonate : 30 gm
 Sodium Citrate : 60 gm
 Ascorbic acid : 5 gm
 Potassium Chloride : 30 gm
 Magnesium Sulphate : 10 gm
 Elemental sodium : 10 gm
 Elemental potassium : 30 gm
 Dextrose Monohydrate upto : 1000 gm.

Benefits :

- Useful for rapid recovery during heat stroke, severe weakness etc.

Electrolytes- Energy Booster & Stress Reducer

- Provide instant energy & improves activeness in animals.
- Helps to reduce all kinds of stress in animals
- Highly useful in – dehydration, transportation, vaccinations, diseases etc.
- Provides instant energy and makes the animal healthy and active
- Acts as an energy booster

Dosage :

Large animals : 100 gm/ animal / day
 Calves, Sheep, & Goat : 20-30 gm/ animal / day
 Dog : 5gm / animal / day
 Pig :Starters & Growers : 3-5 gm / animal /day
 Finishers : 10-20 gm./ animal / day (Or) as advised by a Veterinarian.

Presentation: 1kg. Pouch & Tins

REPRO-UET (BOLUS) Reproductive Function Enhancer

Composition :

Each bolus contains:

Cobalt	: 0.056 gm
Copper	: 0.700 gm
Iron	: 1.400 gm
Iodine	: 0.140 gm
Manganese	: 0.560 gm
Zinc	: 0.280 gm
Selenium	: 0.004 gm
Lactobacillus acidophilus	: 5000 mil. cfu
Lactobacillus casei	: 4000 mil. cfu
Lactobacillus reuteri	: 5000 mil. cfu

Benefits :

- Helps to strengthen the reproductive functions.
- Helps to correct reproductive disorders like anoestrus & silent estrus.
- Helps to avoid parturient problems like dystocia and retention of placenta.
- Helps to regularize reproductive cycle & to increase conception rate.

Dosage : Cow & Buffalo: 1 bolus /animal daily for 8-10 days
(Or) as advised by a Veterinarian.

Packs : 10 x 4 Bolus in Blister

RUMEN-UET (BOLUS) To Improve Rumen Function

Composition :

Each bolus contains:

Ferrous sulphate	: 1gm
Cobalt Chloride	: 200 mg
Copper Sulphate	: 50 mg
Vitamin B1	: 25 mg
Vitamin B12	: 20 mcg
Dried Yeast	: 300 mg
Rumen stable enzymes + probiotic	: 500 mg.

Benefits :

- Highly recommended to improve rumen functions
- Highly useful in –Anorexia & Simple indigestion
- Helpful in revival of rumen microflora & to corrects ruminal atony.
